

Race Groups - Drivers Meeting – May 2020

- First and foremost, remember that this is Club Racing. Everyone wants to have fun, but we all want to be able to drive our cars off track and return to race again.
- Review and be prepared to follow the NASA Utah Supplemental Regulations for this event. They are included below.
- Review and be prepared to follow the [NASA Covid-19 protocols](#)
- Attendance in all **Race** Zoom-based meetings
 - Times are listed on the weekends schedule
 - Links to connect available at www.nasautah.com/zoom
- Please refresh your memory of the rules
- Is your classing complete and uploaded? It needs to be! If your paperwork is not uploaded you will not be eligible for contingency or finishing position.
<https://supertouring.nasaseries.com/forms-rules/>
- If you are being unsafe on track, we will black flag you
- Start your VIDEO! If you're in an incident and don't have video, you will be penalized.
- Session times will be in Racehero app, and at <http://www.nasautah.com/timing/> We will post times on office window as well
- Qualifying grid positions will be on a first-come basis
- Race grids will be posted on Racehero. know your position before driving towards grid for your next session.
- Look to the sign board in grid for who is on track and who should be in grid.
- Report ALL contact! You have 30 minutes from end of race to turn in a body contact form to the NASA office, or Tech. Please include approximate location in paddock where we can find you as needed.
- After sessions watch for Impound notice and Car #s from Pit Out staff
- For impound, please stay in your car unless asked to get out.

NASA Utah Supplemental Regulations - May 2020

- [Read the NASA National Policy](#) – Some of our policies will be more restrictive because of Utah State, and UMC guidelines.
- All participants must wear a cloth mouth and nose face covering or other non-venting PPE mask when in public areas such as at meetings, Driver Info and Registration, vendor areas and food lines, photography viewing areas, pre-grid, fan stands and track viewing areas, “communal” rental garages, and vehicle tech inspection. Drivers do not need to wear a mask or face covering while in their vehicles or if alone in their paddock space. These can be a homemade mask, a bandana, a balaclava, etc., but they need to be able to stay on your face while you use your hands. You will need to provide these yourselves.

**** BEST MASK CONTEST **** We'll be giving a NASA Utah T-shirt away to our favorite mask!

- This is a ZERO spectator event. If you are not a driver, crew member, or NASA staff, you should not attend. Please do not announce this to friends and customers. Our understanding is that all spectator areas will be restricted.
- UMC is requiring temperature to be taken at the front gate to enter the facility. This will happen each time you enter the gate.
- All participants will need to practice social distancing, and all paddock parking will need to be done with this in mind.
- Day garages will only be allowed to house 1 vehicle (parked in the middle. GP garages will only be allowed to house 2 vehicles (nose to tail)
- We will not be able to provide HPDE 1 at this event.
- No ride-alongs, no in-car instruction, no exceptions
- No Media
- Registration by credit/debit card only. No cash
- No BBQ and Awards ceremony – Trophies can be picked up from NASA Office
- Vulnerable individuals to COVID-19 (those greater than 74 years old, and those with serious underlying medical problems such as hypertension, diabetes, obesity, chronic lung disease and asthma, or immunocompromised state) should neither participate in nor attend events and should shelter in place at home until Phase 3, as outlined at <https://www.whitehouse.gov/openingamerica/>. Non-vulnerable participants need to understand that there is risk of bringing the virus home from any event and should take extra caution to isolate from vulnerable individuals once back home.
- Participants who are sick or coughing should not go to the event and will be required to leave.
