Driver's Packet – 4/19/24-4/21/24 – HPDE 2/3, HPDE 4/TT, and Race Groups

Welcome to Round 2 of the 2024 NASA Utah Season! Hope you're all ready for a fast weekend on the East Track!

General Rules - All Groups

Daily Schedule: www.nasautah.com - You are responsible for making sure you are where you need to be when you need to be there.

- We are not responsible if you miss your session.

DRIVER'S MEETINGS

- Driver's Meetings are **MANDATORY!** Please see schedule for times and locations

Tech

- We will be able to do tech on site if you do not have it done.
- **Tech and Impound Garage** will be open in **GP 27** from 7:30am-4:30pm.

Supplemental Rules

- [2024 NASA Utah Supplemental Rules](#) – Facility information and other important rules

Pit and Paddock Rules

- **Anyone in hot pits needs a wristband. No minors or pets on hot pits**
- Pit Lane Speed Limit: **25MPH**
- Paddock Speed Limit: **5MPH**

Grid

- Grid is marked on paddock map for each event.
- Be to Grid 10 minutes before your schedule says your run group is scheduled. A sign board adjacent to grid will communicate which group is on track, and which should be in grid!
- Enter grid thru yellow cone gates on north side.
- You must drive through grid and be released by Grid personnel to enter the track.

Instructors

- Only instructors are allowed to ride as passengers or drive with a passenger on track.

Flags

- Please familiarize yourself with our NASA flags which can be [reviewed here](#)

HPDE 2/3 Group Rules

Passing

- Read HPDE Course Conduct – Section 6.0 of the [NASA CCR \(Rules\)](#)
- Passing zones will be covered in you driver's meetings and may be modified throughout the day.
- No cars side-by-side in corners.
- Dive-bomb passing will not be tolerated.
- If you are having a mechanical issue and are exiting the track, maintain one side of the track, provide the 'exiting course' hand signal (fist in the air, out of window), maintain slower pace and be predictable.
- Point-bys are not required, but it's VERY helpful if you can! And remember the most important part of the turn when helping others make passes is partial throttle pedal when driving from apex of turn to track out!
- Remember to respect the blend line where cars could enter the track from pit lane. Give a small amount of room when passing track entry.

Last Lap and Exiting Course

- Passing is still allowed in passing zones, but keep in mind that you should begin a cool-down lap at the half-way point through your final lap.
- Checkered flag will be shown at start/finish line, and may be displayed at other corners on track.
- When exiting the course, please display your Left hand out window at a right angle – either closed fist or fingers pointing to the sky

Grid

- HPDE 2/3 grid is first come, first served. Please arrive early.

HPDE 4/TT Group Rules

- Session times will be in SpeedHive app
- TT grids by lap time, if you didn't get a time you won't get a spot. Grids will be posted at Tech Garage.
- HPDE 4 you can now rent a transponder and get a grid spot!
- Please read the [NASA CCR \(Rules\)](#) and our [2024 NASA Utah Supplemental Rules](#)
- Is your classing complete and uploaded? It needs to be! If your paperwork is not uploaded, you will not be eligible for contingency, season points, or finishing position.
